BOCCI DI PEONIA TRAY

\$360

DESCRIPTION

This romantic tray of fine ivory porcelain reveals a first-rate artisan quality flaunted through its classic design and hand-painted, floral decorations - gracing both the center and the edge - rendered in vivid details. Inspired by a drawing of hers, Paola Caselli chose blooming white peonies for this collection capturing the image of the flowers slightly turned red due to low temperatures. A luminous twist is added by the platinum accenting the tray's rim.
