**BOLERO WHITE EXTENDABLE TABLE BY RENATO ZAMBERLAN**

\$3,540

## DESCRIPTION

This table by Renato Zamberlan boasts a minimalist and lightweight silhouette that combines durable and strong materials in a slim and delicate design. The cone-shaped legs are made of aluminum with a white-lacquered finish, the top is made of Fenix, an innovative material that renders the surface anti-fingerprint, resistant to scratch and suitable for contact with food. The entire structure is enriched with natural oak details (or Canaletto walnut wood on request). This piece is extendable up to three lengths (in cm): 172, 222 and 272.
