BOLLE ROUND VASE BY TAPIO WIRKKALA IN RED/CLEAR

\$1,680

DESCRIPTION

Originally designed in 1966 by Finnish designer Tapio Wirkkala, this vase is characterized by a rounded shape and bi-color finish. The mouth-blown glass is handmade using the "incalmo" technique, which fuses the colored glass components into a single piece. The highly graphic design with contrasting colors creates a strong optical presence of great aesthetic quality.
