BOLOGNA FRAMED WALL MIRROR

\$7,980

DESCRIPTION

This magnificent framed mirror was executed according to ancient artisanal methods known to Florentine artisans since the 14th century. Entirely hand-carved from a piece of antique wood, the frame was prepared with natural materials and gilded using pure 22k gold. It was then finished with a bronzing effect using agate stone and aged by adding a final patina. This one-of-a-kind piece is a celebration of masterful creativity and craftsmanship.
