BORA SET OF 6 BLUE GLASSES N. 1

\$830

DESCRIPTION

A stunning addition to a refined and modern home, this set of six glasses is crafted of mouth-bowl Murano crystal. The pieces are numbered and signed, distinctive for their asymmetrical profile seemingly tilted by a gust of bora wind. Raising up from an oval cross-section, each piece is adorned with a different blue pattern applied by hand, including the typical "murine" and "cannette," spots, bands, rings, spirals, and gold and silver details. Each glass measures 102 H x 94 Å mm. The set is dishwasher safe.
