## BOTERO PENCIL IN MAKASSAR EBONY WOOD

\$180

### DESCRIPTION

This elegant pencil, created for artists or architects, holds a 5.6mm lead, ideal for sketches. The button at the top contains a practical lead-sharpener. The accents in chromed metal, complement the body of the pencil in Makassar wood, a variety of ebony characterized by white, yellow and red veins on its dark surface. Each pencil is handmade, hence a one-o-a-kind piece that can differ from the photo displayed here. The pencil can be hand-engraved.
