Gaetano di Gregorio

BOTTLENECK 10 VASE

\$510

DESCRIPTION

This exquisite vase was conceived during Gaetano Di Gregorio's artistic residence in Dehua, China as part of a ten-piece collection, and crafted by hand of bisque porcelain on the lathe. Its smooth and matte silhouette is sophisticated and modern and adorned with a stunning decoration at the top, obtained by applying a series of porcelain fragments to the mouth with colorful enamel. The effect is striking and elegant and will add a one-of-a-kind accent to a contemporary home, either if the vase is displayed alone or with the others in the same series.
