BOW BLUE AND GRAY RUG

\$7,910

DESCRIPTION

Simple yet chic, this refined rug will suit any modern or traditional style. The piece showcases a precise, three-dimensional geometric design formed with alternating rows of large royal-blue and ash-gray squares and smaller, beveled black squares. Masterfully rendered on a dark-gray background, the hand-knotted wool and bamboo fibers seamlessly weave together to create the graphic pattern. The color and form combinations create a tactile, dynamic quality that enhances the graphic allure of the composition. Customization upon request.
