Di Luca Ceramics

BOWL T

\$610

DESCRIPTION

Decorative ceramics bowl made with the Naked Raku and Raku technique. The bowl is created by a press mould technique and then finished off on the wheel to give a nice and smooth touch. A Raku medium-size-crackle light blue glaze is applied inside the bowl. The surface outside is not glazed so guarantee a natural look. A light blue raku glaze is applied to the foot. The contrast between the shiny inside and the matt outside gives to this piece a strong character.
