BRASS TABLE LAMP

\$5,055

DESCRIPTION

Impeccably designed and elegantly functional, this table lamp creates a sense of retro-glamour with its scale and detailing. A superb decorative motif made of natural horn pieces cut to resemble precious stones wraps around its hand-engraved, 24k gold-plated brass silhouette. The square base echoes the shape of the imposing ivory shantung shade to create a tasteful piece of great appeal that is perfect to be displayed on a console or desk to add a chic statement.
