BRENDA CHAIR

\$1,480

DESCRIPTION

Comfort and elegance coexist in this timeless design that will make a statement around a classic dining table, behind a modern desk or as an accent piece in a contemporary entryway. This chair is crafted of solid ash with a tobacco stain, whose dark and rich shade complements the white pearl fabric upholstery covering its seat, straight back, and enveloping armrests. The cover is non-removable and is also available in fabric and eco-leather. The finish options for the wood are natural ash, American cherry, wenge, and walnut, black stained and matt lacquer. Please ask the Concierge for details. Contract and commercial certifications available upon request.
