BRONZINO MEDIUM BRONZE HOOK

\$210

DESCRIPTION

This exclusive piece is part of the Bronzino Collection inspired by the "picchiotti", ornate door knockers that decorated Renaissance noble residences' doors and were used to announce visitors. Handcrafted of bronze by skilled artisans, this hook is designed in an Art-Deco style with a geometric silhouette of soft, flowing lines. The mirror-polished finish of the piece is balanced by the porous surface on the thick sections. The collection includes three different sizes that can be displayed together for a captivating look in a bedroom or foyer to hang coats, scarves, and other garments.
