BROWN LEATHER SEWING BOX

\$1,680

DESCRIPTION

This sewing box is both functional and decorative, thanks to the high quality materials with which it was crafted. Its structure in cardboard and acid-free paper and reinforced wood is wrapped in vegetable-tanned Tuscan calf skin and the interior features a lining in natural tanned Tuscan split suede. Brass accessories and a delicate tassel adorn the piece as well. The interior drawers and the inside of the lid are lined in hand-marbled acid-free paper. This set is complete with 40 different colors of pure cotton threads and blind tooling was used to work the leather.
