### DESCRIPTION

A piece of great visual effect, this credenza is part of a limited series of 10 numbered pieces. Handcrafted of lime wood with a white finish, it has a square frame composed of two doors with invisible metal hinges. The front panels and the sides are patiently carved by hand in full relief with a gouge and plane to obtain a geometrical pattern that evokes soap bubble circles. The result is a minimalist object of great visual impact that is sure to grab glances and compliments in an entryway, a living room and a bedroom.
