## BUBBLE RED VASE BY LUCA NICHETTO

\$4,170

### DESCRIPTION

Part of the Bubble Collection by designer Luca Nichetto, this alluring vase is a charming, contemporary accent for a minimalist living room or bedroom. The sinuous silhouette is hand-blown using an ancient Venetian glass technique, whereby layers of colored and clear glass sheets are case-blown into the sinuous, four-sphere silhouette. Strategic cuts in the glass along the top and sides reveal a bright green interior underneath the opaque red exterior. Part of a limited-edition series of 101 pieces, this piece will be a splendid gift for a loved one on a special occasion.
