Wave Murano Glass by Roberto Beltrami

BUCATI VASE BLACK

\$1,290

DESCRIPTION

This elegant mouth-blown glass vase features a peculiar technique which involves the opening of a passage between one side of the hot glass vessel and the other. The precious silver or 24kt gold leaf is layered with the black glass and coated with a final layer of clear glass. This gives a rich and luscious feel to the glass vase that keeps its see-through properties thanks to the iconic window, the common denominator of the bucati series.
