BUGNATURE SCULPTURE #9

\$1,145

DESCRIPTION

Part of the bugNature Collection that explores the extraordinary complexity of wood textures, this sculpture showcases the unique "waxy" texture of salvaged privet wood molded by hand in a shape recalling an old, recovered pottery artifact. The natural features of the wood are incorporated, giving each piece a one-of-a-kind quality. An enthralling piece of art of unparalleled charm, this sculpture makes the perfect gift for an art collector and a superb addition to any home.
