BUNNY SKULL EARRINGS

\$790

DESCRIPTION

Bold aesthetic and modern elegance characterize this sophisticated pair of earrings. Fashioned entirely of 925 silver for a sleek finish, the refined silhouette of these cuff earrings is composed of three equidistant hoops with bunny skull accents on the first and third hoop. The middle has an open frame, allowing it to delicately hug the lobe. Best paired with an edgy or all-black ensemble for a dynamic look, these earrings are part of a unisex collection and are also available in gold.
