BUTTERFLIES JAR #1

\$250

DESCRIPTION

This glossy, white-glazed ceramic jar is decorated with a charming hand-drawing of butterflies framed in a concentric, scalloped design. Hand-decorated with water-resistant enamels in gradients of yellow, pink, green and orange, this piece is inspired by childhood memories and the idea of capturing butterflies in a glass jar. Recalling the iconic 1950s designs, this jar bears the artist's signature under the base.
