BYRON ROUND TABLE

\$10,585

DESCRIPTION

This sculptural table boasts two bold textures: the grosgrain design leather covering the pillar-shaped solid linden wood base and the Emperador marble top. The warm burnished brass round platform provides a luxurious detail reminiscent of the dark, rich browns and grays hues of the top creating a striking visual balance. A piece of refined elegance, this table can effortlessly go from the dining room to an office environment, as a stately conference table.
