CADÒRE RUG BY INVELOVERITAS

\$5,710

DESCRIPTION

Designed by Inveloveritas exclusively for Extroverso, this exquisite rug in natural Sardinian wool is handmade on a loom by Mariantonia Urru using the traditional Sardinian pibiones and litzos techniques. Triangular shapes in different geometric patterns and solid colors in a black-white-red palette, mix in an abstract design rendered even more striking by the varying heights of the weaves. This rug will add artistic allure to any room in both modern and traditional decors.
