CAGE 1 MEDIUM CEILING LAMP

\$1,970

DESCRIPTION

Part of the Cage series whose objects feature a cage-like structural element, this ceiling lamp has a chain supporting a cone structure from whose perimeter vertically stem a series of rods that form a circle, enclosing a single light. The whole piece is crafted according to artisanal methods and using brass with a natural finish. The use of this noble material strikingly contrasts with the modern silhouette chosen, giving this piece a timeless charm.
