## CAGE N. 5 EXTRA BLACK COFFEE TABLE

\$3,560

### DESCRIPTION

This stunning object of functional decor is part of the Cage Collection, so named after the vertical elements that connect its round base to the round top. Entirely crafted of brass, the structure is light and open, creating a sculptural shape that contains a smaller wooden tray within the piece, while the extra-clear glass top gives an unobstructed view of the complex yet sleek structure of this piece. A magnificent addition to a contemporary home, this coffee table is a perfect piece around which to build a living room decor.
