CAIRO 4 DINNER PLATE

\$110

DESCRIPTION

The elegant and sensual design of this porcelain dinner plate is one of six different decorations, part of the Cairo collection. In each plate the pastel-colored background is enriched with a parade of blossoming flowers and ripe fruit positioned around the black and white portrait of a Berber woman. In this case, yellow, ocher, turquoise, and blue blooms frame the sophisticated woman figure, rendered in vintage-inspired style. A striking addition to any occasion, this plate will make a statement in any home.
