## CANNES TABLE LAMP

\$2,320

### DESCRIPTION

Functional and decorative, this sophisticated table lamp has a unique personality that will bring an original look to a modern and eclectic decor. A genuine horn is mounted on a rectangular base of clear Plexiglas housing an LED strip (10W) that illuminates horn above, enabling the stunning, natural color nuances to take center stage. The horn's cap and tip, the stand as well as the top and base of the base are all in nickel-finished brass. The horn is entirely modeled and polished by hand to enhance its translucent surface.
