ZODIACO CAPRICORNUS DINNER PLATE

\$100

DESCRIPTION

This sophisticated dinner plate is part of the Zodiaco collection, introduced at the prestigious 2017 Salone del Mobile in Milan and inspired by the astrological signs and their symbolism. In this case, the Capricorn's sign is depicted as part ram, part fish in a vivid image just below its Latin name and above its months of the year. Its symbol, in a deep red color, is also featured among the intricate crossing of black and golden lines that reproduce a section of the map of the sky. A luxurious addition to any table, it can be paired with other pieces of the collection.
