## CARAMBOLA CENTERPIECE

\$440

### DESCRIPTION

Minimalist and sophisticated, this centerpiece will complement any decor with its geometric silhouette fashioned of white Carrara marble. The name of the piece is a reference to the red object ball of the billiard games, and in fact this centerpiece is shaped like a rack (or triangle) used to place billiard balls in their starting positions at the beginning of a pocket billiards game. A playful and refined accent in any interior, this centerpiece can be used to display fruit arrangements on a kitchen counter or dining table and will be a perfect housewarming gift for billiard lovers.
