CARLO X BENCH

\$2,620

DESCRIPTION

The original design of this sophisticated small bench is inspired by a Recamier's painting dating back to the early 19th century. Its solid wooden frame boasts a briar-like finish with a "trompe l'oeil" effect that produces a stunning visual impact. Standing on four legs slightly curved outwards, the 44cm-high seat is generously padded and comes with a standard white cover. The side elements enclosing the seat are composed of curved elements and four decorative blue spheres. This bench is available in other finishes, please ask the Concierge for details.
