CARLOS WOOD AND FABRIC BENCH

\$5,840

DESCRIPTION

This unique bench was entirely hand crafted and is characterized by the sinuous lines of its expanded polyurethane cushions and striking combination of upholsteries, both by Rubelli Fabrics. The seat is large and comfortable, featuring a cover with a series of red triangles punctuating the white background, while the backrest in padded fabric adds dynamism to the piece that rests on a black-varnished beechwood structure and feet.
