CARNABY COFFEE TABLE

\$900

DESCRIPTION

This striking coffee table will be an elegant addition to any modern decor, thanks to its minimalist silhouette that features a rectangular top and hollowed out legs that are slightly tapered toward the bottom. The beechwood was treated with a dark stain to add a sophisticated accent, but it is also available in natural finish. The top can be given a matte final treatment to contrast with the rest of the structure. Please ask the concierge for changes in pricing with these options.
