CAROL TALL SWIVEL ARMCHAIR

\$3,300

DESCRIPTION

This stunning swivel armchair will be eye-catching in any modern home, where it can add extra seating in a living room, or be positioned by a desk in the study or in a corner of the bedroom. Equally stunning as an office chair, this piece combines functionality with a bold and elegant design. The metal base in a bronze finish allows the chair to rotate 360 degrees and supports the wooden structure with a tall backrest (also available with standard height). The 40kg/3m density of the polyurethane foam is covered with full grain cowhide.
