Paola Paronetto

CARTOCCI BLACK AND WHITE BOWL

\$385

DESCRIPTION

An elegant centerpiece to display fresh fruit or flower arrangements, this striking bowl will be a versatile accent to any decor. The dynamic surface is distinguished for the expressive horizontal and vertical ridges, applied in patchwork motion, and a single smooth black panel to create a visually striking work of functional decor. Taking on an irregular shape, this piece is made using paper clay, whereby paper pulp and fiber is incorporated into the ceramic mixture to create a distinctive tactile quality.
