Paola Paronetto

CARTOCCI CORTECCIA ANEMONE PINK BOWL

\$625

DESCRIPTION

Meticulously handcrafted by expert craftsmen, this bowl is entirely fashioned of paper clay, an innovative material that combines fiber and paper pulp in the clay mixture to create extravagant and unique tactile qualities. A contemporary piece of functional decor, this pink bowl reproduces the delicate shape of an anemone flower and will be a unique centerpiece to any sophisticated table or console. Every one of Paola Paronetto's creations is unique. Slight variations in shape, colour and size are to be considered a guarantee of authenticity and value. They are finished with non-toxic satin-finish enamels. Although very rarely, it is possible for them to leak after long periods of exposure to water. It is therefore advisable to test their water resistance before using them on delicate surfaces. They should not be used as dining utensils. The white pieces can be washed with water or sanitizing products, whereas the coloured pieces must be treated more gently and cleaned with a feather duster or a soft cloth, dry or moistened very slightly with water.
