Paola Paronetto

CARTOCCI CORTECCIA EGO WHITE SHORT BOTTLE

\$265

DESCRIPTION

A unique piece of contemporary sophistication, this splendid bottle boasts a sculptural tactile quality obtained by the use of paper clay (natural fibers and cellulose are added to the clay base to create this unique material). The piece is adorned with floral motifs set against a burgundy background that covers the entire front of the body, which poetically juxtaposes with the white color marking the rest of the bottle body.
