Paola Paronetto

CARTOCCI CORTECCIA FIDE ROSE VASE

\$420

DESCRIPTION

A sophisticated and chic piece of functional decor, this versatile vase will infuse elegance and contemporary allure into a living room, dining table, or entryway decor. Exquisitely crafted by hand, this antique rose vase is made of paper clay, a material that includes fibers in the clay base to create unique and distinctive textures. Every one of Paola Paronetto's creations is unique. Slight variations in shape, colour and size are to be considered a guarantee of authenticity and value. They are finished with non-toxic satin-finish enamels. Although very rarely, it is possible for them to leak after long periods of exposure to water. It is therefore advisable to test their water resistance before using them on delicate surfaces. They should not be used as dining utensils. The white pieces can be washed with water or sanitizing products, whereas the coloured pieces must be treated more gently and cleaned with a feather duster or a soft cloth, dry or moistened very slightly with water.
