## CARTOCCI LILAC DECORATIVE BOTTLE

\$350

### DESCRIPTION

Displayed alone on a shelf or coffee table, this striking decorative bottle will bring modern flair to any décor. Handcrafted of paper clay using traditional techniques, this piece displays a distinctive texture with vertical ridges (some horizontal on the faceted, skewed neck) that adds an intriguing visual interest. The subtle lilac color allows it to blend in easily with any color scheme or style. A piece with a modern character, this object can be arranged with others from the Cartocci Collection for a sophisticated look. Every one of Paola Paronetto's creations is unique. Slight variations in shape, colour and size are to be considered a guarantee of authenticity and value. They are finished with non-toxic satin-finish enamels. Although very rarely, it is possible for them to leak after long periods of exposure to water. It is therefore advisable to test their water resistance before using them on delicate surfaces. They should not be used as dining utensils. The white pieces can be washed with water or sanitizing products, whereas the coloured pieces must be treated more gently and cleaned with a feather duster or a soft

cloth, dry or moistened very slightly with water.
