## CARTOONS WHITE SCREEN BY LUIGI BAROLI

\$940

### DESCRIPTION

Functional and eye-catching, this screen has a minimalist silhouette that makes it suitable for both home and office interiors. This sustainable design by Luigi Baroli has a free-standing structure made of two sheets of corrugated cardboard from pure cellulose that are completely recyclable and by-product-free. Shown in white (also available in light brown), it features upper and lower edges in matte black high-tech polymer and reinforcement in satin die-cast aluminum. The sheets are positioned side by side, to ease the rolling and unrolling of the screen.
