CASILDA COFFEE TABLE

\$3,195

DESCRIPTION

Elegant and unique, this coffee was crafted with nature in mind.

Distinguished for a streamlined silhouette, a black powder-coated frame of stainless steel supports a rectangular top made up of slats of iroko, a durable African timber similar to teak with a golden brown color. The striped pattern is embellished with two slats of titanium travertine that add a textural contrast. A furnishing piece of timeless and rare elegance, this coffee table will stand out in any interior. The frame is also available with gold and white finish, or with a graphite frame and stonewood.
