CASILDA DINING TABLE

\$4,605

DESCRIPTION

Bringing together two noble materials, each featuring unique textures and grains, this exclusive dining table is defined by a strong graphic quality. Raised on a tubular frame made of black powder-coated stainless steel, the simple yet striking top features slats of golden-brown iroko wood and titanium travertine that create a geometric pattern. Durable and strong, the classic silhouette and sleek profile make this table suitable for both minimalist and post-modern interiors. Available also with a frame with gold and white finish, or with a graphite frame and stonewood. Seats up to 8 people.
