## CATENE SCARLATTO ROUND PLATTER BY GIO PONTI

\$140

### DESCRIPTION

A stunning addition to a modern or classic interior, this round platter is a superb choice for serving food during a special occasion, particularly if combined with the other items in the tableware Catene collection. This sophisticated plate was crafted of porcelain with a delicate white background. The round silhouette is marked on the edges with a golden detail and adorned along the rim with a stunning pattern designed by master artist Gio Ponti in 1926 and stylistically rendering the links of a chain. The scarlet red of the decoration adds an eye-catching touch.
