LABIRINTO ZAFFIRO CANDLE WITH LID BY GIO PONTI

\$335

DESCRIPTION

An exquisite decorative pattern designed by the creative genius of Gio Ponti when he was the artistic director of the brand in 1926, the motif that graces the porcelain exterior of this candle container with lid (cc 300) is part of the Labirinto collection. In it, a balanced and symmetrical motif painted in sapphire blue creates a labyrinthine decoration that will add a graphic accent and a sophisticated allure to any room in the house. This exquisite decorative object can be combined with the other candles by Richard Ginori for a dynamic effect.
