CATENE ZAFFIRO TRAY WITH HANDLES BY GIO PONTI

\$265

DESCRIPTION

Effortlessly combining traditional allure and a modern decoration, this tray is a superb addition to a sophisticated interior, where it can be used to serve hors d'oeuvre or permanently display collectibles. Its fine porcelain silhouette is highlighted with a gold perimeter that curls up to form the handles. The inner decoration was designed in 1926 by legendary artist Gio Ponti as part of the Catene collection, a series of tableware pieces adorned with a chain-like pattern in a striking blue color.
