CERAMIC AND GOLD LINK BRACELET

\$7,680

DESCRIPTION

This stunning bracelet was completely handcrafted and alternates links in 18-carat yellow gold and satin-finished black high-tech ceramic to create a curb-link piece that is modern and sophisticated. High-tech ceramic is a new material that is almost as hard as diamonds and highly scratch-resistant. It is light and bio-compatible, being an ideal material to use in contact with the skin for its pleasant touch.
