CEREJEIRA CROTCH COFFEE TABLE

\$8,055

DESCRIPTION

This classy coffee table exudes the indisputable allure of a furniture gem, since it is fashioned from an ultra-rare timber - Cerejeira crotch wood. Its dynamic shape combines thick plans and full volumes, including the sculptural legs shaped like sabers. The prized type of wood here employed is showcased in its incredibly detailed, 3D-like crotch sections, only interrupted by a compass-like ebony inlay adorning the center of the tabletop.
