Antonelli Atelier

CHANEL CONSOLE

\$8,215

DESCRIPTION

Sophisticated and modern, this console features a light, symmetrical base in metal with delicate rose gold finish, comprising two sets of legs with an angular base. The top, a refined rectangular wooden piece with ebony veneer, strikingly contrasts with the bright quality of the metal that draws a line crossing the length of the wood for a stunning finish. The metal is available in gold, brass or champagne color, while the top can also be in other veneer or marble - please ask the Concierge for details.
