CHARIOT WOOD TROLLEY TABLE BY GAMFRATESI

\$2,995

DESCRIPTION

This striking trolley table designed by GamFratesi combines function and style in a design inspired by the horse-drawn chariots used in ancient times for racing. The eclectic structure is in durmast wood with a natural finish and is characterized by three perfectly balanced elements: two oversized wheels (Ø 60 cm), two trays with high border and a metal connector that function as a handle. Used as a bar cart to serve food or as a unique decorative accent, this table can easily be moved by lifting the metal handle (rubber strips are incorporated in the wheels for ease of movement).

DETAILS & DIMENSIONS

- Material: Durmast wood Metal Rubber
- Dimensions (in): W 29.13 x D 22.05 x H 23.62
- Dimensions (cm): W 74 x D 56 x H 60
- Handmade In Italy
