CHARLOTTE ARMCHAIR BY MARIO BOTTA

\$2,105

## DESCRIPTION

An example of skillful craftsmanship in a sophisticated, modern design, this armchair by Mario Botta comprises a structure in white-painted metal covered entirely by natural wicker. Woven by hand, the gray and beige streaks that may appear on the wicker are not to be considered as defects but rather a sign of the high quality of the material used. Combining a circular shape and full volumes, the armchair appears suspended in mid-air, creating a vivacious and breathtaking visual effect. Seat height is 44 cm.
