CHIC NEAPOLITAN-STYLE BEIGE WICKER BASKET

\$175

DESCRIPTION

Prized tailored details lend this wicker basket with rope - a popular symbol of Naples used by locals to hoist goods home by lowering and raising it through balconies or windows - a sophisticated allure that well adapts to elegant boating contexts, The nautical rope is tied into a knot around the exterior, and complements fine details in brown leather also accenting the handle. The beige fabric lines the interior, creating a soft nest for glasses, cutlery, or any other object placed inside.
