### DESCRIPTION

This striking, handwoven rug was designed by Valentina Cameranesi for Karpeta and made of a blend of 60% wool 30% jute, and 10% cotton. Its modern and bold decoration features a black and white color palette whose timeless allure is given character by a central black rectangle around which a series of delicately shaped elements seem to float, like a series of drawings on paper. The dimensions are 170 x 240 cm or 200 x 300 cm, but other sizes are available upon requests (please ask the concierge about details.)
