Gambaro e Tagliapietra

CHRISTMAS TREE RED WITH GOLD LEAF

\$540

DESCRIPTION

A combination of color and technique merged to craft this stunning glass sculpture. Designed by maestro Matteo Tagliapietra, this Christmas tree features "incamiciato" deep red Murano glass. The tree's vertical lines accentuate the attenuated swirls of gold leaf and silver bubbles embedded within the layers of glass. For a stunning final touch, a mouth-blown gold leaf base sphere supports this composition that will add a sparkling accent during the holiday season.
